## PAFP Launches Practice Transformation Consulting Company

(HARRISBURG, PA.) Sept. 19, 2014 - After months of research, planning, and development, the Pennsylvania Academy of Family Physicians (PAFP) is pleased to announce the launch of a brand new company dedicated to practice innovation and transformation: **Primary Healthcare Consultants**.

In an era of rapid change in the health care sphere from the Affordable Care Act to technological advances, providers need more help than ever to implement necessary practice improvements. An affiliate with the Pennsylvania Academy of Family Physicians, Primary Healthcare Consultants' mission is to **educate, implement and facilitate the transformation to a patient-centered medical home**. Its experts are practice advocates who have helped more than 400 providers with health information technology, practice transformation, and Meaningful Use support and education.

Primary Healthcare Consultants offers comprehensive resources and training on a number of practice solutions, including **Patient-Centered Medical Home, Meaningful Use, Electronic Health Records, Population Management, Quality Improvement, and Physician Quality Reporting System**.

Please visit [www.primaryhealthcareconsultants.com](http://www.primaryhealthcareconsultants.com) for more information on the services provided, biographies of the Primary Healthcare Consultants team, and the latest news on practice transformation and electronic health technology. You can also contact one of the consultants directly from the website.

*The Pennsylvania Academy of Family Physicians and its Foundation supports its members (including nearly 80 percent of Pennsylvania family physicians) through advocacy and education to ensure a patient-centered medical home for every Pennsylvanian. The Academy and its Foundation are the leading influential resource among family physicians and physicians in training in Pennsylvania; the primary voice on health care issues with state legislative and administrative branches of government, media and professional health organizations; and the leader on health care issues in the community.*
