## **ATLANTIC HEALTH PARTNERS EXPANDS ITS PROGRAM TO OFFER ADDITIONAL VACCINE SAVINGS!**

Atlantic Health Partners has always been a strong resource for our members' immunization efforts by offering the most favorable vaccine prices, terms, and purchasing support. We are pleased to share with you that Atlantic has expanded its program with the addition of GlaxoSmithKline (GSK) vaccines. This includes options for practices interested in the GSK portfolio or for those practices just interested in using Bexsero (Meningitis B vaccine).

Atlantic now offers our members the full array of vaccine options to best meet your individual practice needs including:

- Most favorable pricing for Sanofi, Merck, GSK, and Dynavax vaccines
- A comprehensive flu program that includes Sanofi, GSK, and Seqirus products
- Meningococcal B vaccine options that include both Trumenba or Bexsero
- No minimum quantity requirements to always receive most favorable pricing and terms
- Excellent and timely customer service including reimbursement support and advocacy

For information about the program please contact Jeff or Cindy at 800-741-2044 or [info@atlantichealthpartners.com](mailto:info@atlantichealthpartners.com)
