

PAFP Future Stars Speaker Application

FM Essentials Summits (April and October) Summer SEA-M-E Conference

Thank you for your interest in being a Future Star. *These sessions are reserved for resident or junior faculty looking for scholarly activities and to hone speaking skills. A member of our Committee on Continuing Professional Development will provide feedback afterwards.*

Types of Presentation:

This segment is 30 minutes and can be didactic, or interactive as is feasible.

Some suggested topic areas (You can choose a different topic):

- Sports Medicine in Primary Care
- Geriatrics – Medication Management or Changes in Mental Health/Dementia
- New Meds/Evidence
- Critical Thinking Skills
- Cardiology
- Diabetes

Submission Tips:

- Information presented should be about new, cutting edge or emerging issues.
- Clinical content should be evidence-based with appropriate resources/citations included.
- **Case studies and any interactive teaching method is highly encouraged.**
- Include realistic and actionable take-aways and practice pearls.
- **If using slides, do NOT read them.**
